Holt Federal is the dedicated government procurement division of Holt International Systems LLC. Operating through our proprietary, Arizona-based manufacturing facility (Holt Family Labs), we specialize in the high-volume formulation, production, and rapid deployment of chemical preparations, institutional bulk hygiene, and extreme-environment tactical dermal barriers. By controlling our own domestic manufacturing and integrating a 100% localized supply chain within Maricopa and Pinal counties, we eliminate national freight bottlenecks to guarantee TAA-compliant, zero-fail delivery for federal, state, and municipal agencies.

- **Tier-1 Municipal Hygiene Kits:** Rapid-assembly, alcohol-free personal care kits engineered specifically for unhoused outreach, disaster relief (FEMA), and municipal shelter programs.
