COMPANY OVERVIEW

Based in Scottsdale, Arizona, Holt Federal is a highly agile government supply partner and Prime Contractor. We bridge the gap between Tier-1 manufacturers, massive commercial distribution networks, and government procurement desks. By leveraging a centralized logistics architecture, we ensure federal, state, and municipal agencies receive the exact infrastructure equipment, IT hardware, and operational commodities they need—on time and under budget. We specialize in fulfilling complex, multi-line solicitations, "Brand Name or Equal" requirements, and 24-hour Just-In-Time (JIT) spot bids.

CORE COMPETENCIES

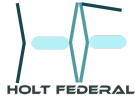

We operate as a Value-Added Reseller (VAR) and Wholesale Broker across four primary divisions:

1. Facilities & Infrastructure Maintenance

- Commercial plumbing components, fixtures, and hydronics (Sloan, Elkay, Bradford White).
- HVAC systems, air filtration, and facilities maintenance hardware.
- Heavy-duty institutional and correctional hardware.

2. IT, Enterprise Security & Access Control

- Enterprise-grade physical security deployments and hardware (Verkada).
- Cloud licensing, multi-sensor dome cameras, and access control points.

- IT peripherals and administrative technology.

3. Transit & Fleet Operations

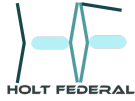

- Heavy-duty transit bus and fleet parts (Cummins, Gillig, SAF Holland).
- Large-scale commercial printing, municipal transit schedules, and logistical mapping.
- Transit authority promotional and marketing materials.

4. Institutional Outfitting & Commodities

- Office, educational, and high-density institutional furniture.
- Classroom, athletic, and educational supplies.

KEY DIFFERENTIATORS

- **Nationwide Supply Network:** Deeply integrated B2B relationships with heavy-weight distributors (ScanSource, ADI Global, Ferguson, Hughes Supply), allowing us to bypass retail bottlenecks and secure direct-to-agency wholesale pricing.
 - **Agile Fulfillment:** Rapid response estimating desk capable of turning around 24-hour emergency spot bids for vehicle-out-of-service (VOS) and critical infrastructure repairs.
 - **Financial Capacity:** Operating with established commercial credit lines to facilitate high-volume Net-30 purchase orders without capital delay.
-
